TRAINING IS JUST THE BEGINNING...

Getting the training you need is just the first step! There's still certification, getting your foot in the door and putting your newly learned skills to work, this where the Trades Training program is different. Driven by the needs of the wall and ceiling industry and guided by the expertise and commitment of the BCWCA, the Trades Training program provides a vital link from training to job placement and beyond.

When you enroll in the wall and ceiling trades training program you're getting trained by an industry that is committed to your success and ready to hire. From the time you enter the trades training program through to certification and job placement, the industry and the BCWCA are there to help ensure you have a long and rewarding career.

When it comes to gaining steady employment in a competitive marketplace Trades training will "separate you from the crowd". Successful completion of the program means you'll have the skills and support to build a successful career as a wall and ceiling professional.

To find out how to fast track your career in the wall and ceiling industry call the BC Wall & Ceiling Association or visit us online at www.bcwca.org
